Dear Member,

Join the world's leading ro-ro owners and operators at the annual RORO Shipping Conference on 9th & 10th March 2011 in Copenhagen - **now the only annual international event dedicated solely to ro-ro shipping.**

Over 200 of your industry peers from 25 countries attended the 2010 event - make sure you do too in 2011 and [register your place now to save the special Danish Society of Engineers 20% Discount!](#)

This unique event will provide a key forum for ro-ro owners and operators to discuss the dynamic changes and new challenges that the industry faces. Promising the usual cutting-edge debate the RORO Shipping Conference 2011 will offer **unparalleled networking opportunities** making it the event of choice for everyone working in the ro-ro industry.

The conference will tackle the industry's most pressing issues and respond to these key questions:

- How will ro-ro shipping face the twin challenges of consolidation among leading companies and competition from new entrants at a time of uncertainty over future trade growth and freight rates in its key European markets?
- How will the ro-ro industry deal with the tough new sulphur/emission regulations adding an extra layer of costs at a time of increased market competition?

Confirmed speakers at the RORO Shipping Conference include....

Peder Gellert Pedersen, Executive VP Shipping Division, **DFDS**
Andrew Abbott, CEO/President, **ACL**
John Garner, Fleet Director, **P&O Ferries Holdings**
Mogens Schroeder Bech, **Head of Division Danish Maritime Authority**
Erik Ostergard, CEO, **Danish Transport and Logistics Association**
Mike Garratt, Managing Director, **MDS Transmodal**
Representative, **BIMCO**
Dr. Walter Vassallo, Secretary General, **Maritime Association for Research and Innovation**
Miel Vermorgen, Director Sales and Logistics, **Port Authority of Zeebrugge**
Professor Dracos Vassalos, Professor of Maritime Safety, **University of Strathclyde, Glasgow, UK**
Markku Kanerva, Director Sales & Marketing, **Deltamarin**
Oskar Levander, Head of Conceptual Design, **Wartsila**
Prof. Dr-Ing Stefan Krüger, Institute of Ship Design and Ship Safety, **Head of Institute TU Hamburg-Harburg**
