

The Geodetic Infrastructure in Europe

- today and tomorrow

Time to register for the seminar, held in the beautiful town Umeå, way up north in Sweden. The timing is perfect. You can stay an extra couple of days, to celebrate the famous swedish midsummer weekend, with magic light nights when the sun almost don't set.

1st May is last date for early registration. Please register soon and ask your colleagues to come with you. Get more info and register on www.aspect.se.

A few points of interest:

- Welcome session by Jean-Yves Pirlot (President CLGE), Åsa Ögren (President Building Department, Umeå)
- Keynote speech by Reinhard Blasi. (European GNSS Agency (GSA))
- Technical papers: Gerd Rosenthal, Danko Markovinic

22 - 23 JUNE 2011 • UMEÅ • SWEDEN
